EDUCATION

University of Cincinnati: Bachelor of Science, Computer Engineering

Expected 2031

- Marian Spencer Scholar (Full Scholarship) | University Honors Program | ACCEND Dual-Degree Track
- Dual enrollment via College Credit Plus during high school

PROFESSIONAL EXPERIENCE

Procter & Gamble

Software Engineering Intern — Consumer Digital Products *Jun 2026 – Aug 2026*

- Designed and built an internal compliance tool projected to save 260+ person-hours per year, enabling R&D teams across a 7,000-person organization to create and use consumer data compliantly
- Contributed to backend and frontend engineering on production codebases supporting AI-driven data transformation and monitoring systems
- Presented project outcomes and technical approach to senior leadership in a Fortune 50 production environment
- Collaborated with cross-functional teams including R&D and engineering stakeholders

EagleVision Microscopy

Co-Founder & Software Developer *Aug 2025 – Present*

- Secured a provisional patent for the core hardware assembly; reached Samsung Solve for Tomorrow semifinals ($10K award)
- Co-founded an EdTech hardware/software startup that broadcasts microscope feeds to student devices, demoed to schools
- Conducted iterative pilot testing with 100+ students at local elementary schools, gathering feedback for product refinement
- Led end-to-end rapid prototyping, CAD design, and 3D-printed manufacturing of a low-cost, scalable hardware system

The INTERalliance of Greater Cincinnati

Chapter Officer | Video Editor & IT Liaison (Marketing) *Jul 2025 – Jun 2026*

- Served as Chapter Officer within a regional tech talent pipeline partnered with GE Aerospace, Kroger, P&G, Cincinnati Children's, UC Health, Fifth Third Bank, and 50+ corporate IT employers
- Led weekly chapter meetings and instructed beginner-level programming courses, growing chapter membership 300% to 60+ members
- Produced and edited 10+ promotional videos across 18+ Cincinnati chapters using Adobe Premiere Pro; helped manage a $1,000 Meta marketing campaign for TechOlympics (650+ attendees)
- Served as IT Liaison bridging student organizers and corporate sponsors for the nation's largest student-run IT conference

Cincinnati Zoo & Botanical Garden

Park Services & Event Operations *Mar 2025 – Present*

- Acted as frontline brand ambassador for the #1 Zoo in the nation, supporting 1.8M+ annual visitors
- Executed large-scale demobilization of PNC Festival of Lights electrical infrastructure during Event Operations rotation

PROJECTS

Independent Software Developer & Digital Media Consultant

- Produced video content amassing 5M+ views and 5,000+ hours of watchtime; collaborated with creators totaling 10M+ subscribers
- Architect and deploy custom applications using React, Vue, Java, C#, and Lua for client operational and engagement goals

EagleVision — UC IT Expo 2026

- Won 1st Place Overall and Software/Game/Data Tech category (107/110, Superior rating)
- Presented patent-pending digital microscopy platform to industry judges and peers

Custom Workstation Build & Linux Optimization

- Selected, assembled, and configured a high-performance workstation (NVIDIA RTX 5090, AMD Ryzen 9 9950X3D)
- Installed and configured Linux Mint on an older, low-end PC to improve performance on limited hardware

RELEVANT SKILLS

Languages: Java, Python, JavaScript/TypeScript, C#, Lua, SQL
Frameworks & Tools: React, Vue, Docker, Git, Linux, Unity, Adobe Creative Suite (Premiere Pro, After Effects)
Other: Rapid Prototyping, CAD Design, 3D Printing, PC Hardware Assembly, Video Production, Public Speaking

AWARDS / ACCOMPLISHMENTS

- Marian Spencer Scholar — Full-ride scholarship to the University of Cincinnati
- Microsoft Scholarship Recipient — $5,000 award (1 of 8 selected nationally)
- Samsung Solve for Tomorrow Semifinalist ($10,000 technology award)
- P&G JumpStart Scholar Award (selected from 50+ participants)
- 1st Place Overall — UC IT Expo 2026
- Salutatorian — Gilligan Academy (Class of 2026)
- Google IT Support Professional Certificate
